MEMORANDUM FOR: ADSO

SUBJECT: Address by the DCI to TRD Student Personnel

1. Reference your comments on the attached routing and record sheet, it is requested that you arrange with the DCI for him to make a few comments to the students in the Training Division. It is suggested that 1500 14 August be established as the date and time for his appearance with an alternate time of 1130. Although the length of his discussion is entirely at the discretion of the Director, it is hoped that he will use between 15 and 20 minutes. The audience will include the students from the three courses of common instruction and the instructors for these courses, totaling approximately 100.

2. If agreeable, we would like it arranged with the Director for him to make similar appearances each three months. This would make it possible for all future students going through training to see and hear the Director. Time and dates for subsequent appearances will be furnished as the schedules for these courses are finalized.
